

We Make it Easy to Position

Ergo Chief® Motorized Rotary Work Positioner

Description

A versatile motorized compact work positioner with variable speed, bi-directional turntable rotation, tilt and work height adjustment.

Application

The Ergo Chief is ideal for secure positioning and rotation of any object for any project, no matter what size or shape. This motorized rotary work positioner offers unlimited applications in any industry and is advantageous in any shop floor or work area.

Ergonomic Benefit

- Eliminate employee strain, fatigue and injury.
- Create a safer and more productive work environment.

Standard Features

- Designed and built in the USA for the most robust and heavy-duty applications.
- Offers full flexibility to move work to any work positions with 360° bi-directional speed rotation.
- Versatile, compact and adaptable to any work fixtures.
- State-of-the-art electronic regenerative variable speed control assures speed accuracy and safe, smooth rotation reversal at any time during operation.
- Turntable easily accepts mounting of any tool, fixture or work part.
- Work-height, tilt and rotation are easily controlled by foot or pendant controls.

Options

- A rotary ground system offers safe welding ground up to 400 Amp.

Technical Information

2 - Axis Ergo Chief

Model	Max. Dynamic Capacity (lbs.)	Turn Torque (in.-lbs.)	Rotation (RPM)	Retracted Height (in.)	Max. Height (in.)	Stroke (in.)	Lift Speed (in./sec.)	Voltage (V)	Amperage (A)	Lift Duty Cycle
EH403H	400	100	0 - 11	24	36	12	1.2	110/60Hz	5.8	Intermittent Service 20% Duty Cycle
EH404H	400	100	0 - 11	28	44	16	1.2	110/60Hz	5.8
